

~~CONFIDENTIAL~~

5 March 1951

MEMORANDUM FOR: Director of Training

FROM: Assistant Director of Current Intelligence

SUBJECT: Proposed Curriculum for General Intelligence
Training dated 7 February 1951

1. The subject proposed curriculum has been studied and is considered generally to be a satisfactory approach to a rather difficult problem.

2. It is believed that such training will benefit new personnel assigned to the Office of Current Intelligence. It is suggested that, to save time, individuals awaiting full clearance for CIA be given as much training as possible (consistent with security) while in the personnel pool.

3. Understaffing will preclude the detailing for training of any present personnel of OCI to the proposed school. However, an internal orientation program for all members of OCI will be underway soon. The various aspects of this program are being coordinated with Mr. [REDACTED] of your office.
